

About Us

Youth for the Environment is a global youth-led movement that began in Brazil with the mission of empowering young people to protect their local biomes while participating in environmental governance and climate action. Through reforestation initiatives, awareness campaigns, and youth-led policy discussions, we connect local environmental challenges to the global climate crisis.

We believe the generation most affected by climate change must also help shape the decisions surrounding it. That's why we work to ensure young people are not just future leaders, but active voices in protecting ecosystems, influencing environmental policy, and building a more sustainable future: starting within their own communities.

Our Societies

crie um botão para cada sociedade do YFE pra pessoa clicar e aprender um pouco mais sobre a sociedade específica. Os botões serão as logos de cada sociedade e o usuário vai ver um texto sobre cada sociedade (about) e os (achievements), as sociedades são a YF Cerrado e YF Amazon e YF Atlantic Rainforest

Map

mapa mundi com predominância cinza claro e com fronteiras reais feitas com uma linha preta (no brasil os estados serão delimitados com uma linha de um tom de cinza levemente mais escuro). No mapa as regiões onde atuamos serão destacadas de verde (ou o país ou o estado - se for no Brasil -) e quando o usuário passar o mouse por cima das regiões destacadas vai aparecer o número de ações e a área de atuação (por enquanto nenhuma região vai estar destacada)

Join the Team

Join one of our numerous societies across different regions and countries around the world, or start your own and bring the movement to your community.

Through reforestation projects, awareness campaigns, environmental advocacy, and youth-led action, our societies connect local biome preservation to the global fight against climate change, ensuring young people are not just part of the conversation, but part of the solution.

botão: (direciona a pessoa para um forms, onde ele vai preencher as coisas para se inscrever em uma sociedade já existente ou fundar uma sociedade. esse forms nós vamos criar)

Events

This section is where our community comes together. Here, members can stay updated on all Youth for the Environment events, from online global meetings and climate discussions to local activities, campaigns, workshops, and reforestation actions happening in different regions.

Whether virtual or in-person, our events are designed to connect young people, encourage collaboration, and turn environmental awareness into real action.

Donations

Every contribution helps us grow our impact. By donating to Youth for the Environment, you support reforestation projects, environmental education, local campaigns, and youth-led climate initiatives around the world.

If you want to help create real change and protect the future of our planet, you can support our movement by funding actions such as planting trees, restoring ecosystems, and empowering young environmental leaders in their own communities.

Botão de doação “Plant a Tree”, com valores fixos sugeridos (ex.: 3 dólares, 5 dólares...) e também a opção de inserir um valor personalizado (pagamento via paypal)

Partners

parcerias da YFE: Maple Bear Goiânia e SEMAD (anda vou mandar as logos)
